➤ GENERAL INSTRUCTIONS

- Prospective authors must submit a self-contained paper with figures and tables electronically through the conference website [Submit your paper!](#) by **October 30, 2019 (23:59 GMT+8)**.
- **The length of a submitted paper must be 2-4 pages. Any submissions not adhering to the length constraint will be returned immediately without review.**
- In addition to the paper and camera-ready manuscript [CLICK HERE](#), the submission should also include an 80~100-word ABSTRACT, which will be published in the advance and final program if the paper is accepted.
- VLSI-DAT adopts the DOUBLE BLIND REVIEW process; please **DO NOT reveal** your name(s) or affiliation(s) anywhere in the submitted manuscript for the first paper submission.

Second Call for Papers (Extended)

- Before submitting your abstract/paper, please review the information on IEEE Intellectual Property Rights at <http://www.ieee.org/web/publications/rights/index.html>
- The notices of acceptance will be sent out to authors on December 31, 2019.
- Any changes on title and author list or withdraw after acceptance must be approved by Technical Program Co-Chairs.
- **For an accepted paper to be published in the proceedings, one of its co-author(s) MUST pay the full registration fee by February 29, 2020 23:59 (GMT+8) and attend the symposium to present the paper. Note that each accepted paper shall be accompanied by a different full registration; that is, two full registrations are required for presenting two papers even if the presenter is the same.**
- Presentation of accepted papers at the symposium must be in English and will be limited to 18 minutes with an additional 2 minutes for Q&A. The final manuscripts of all accepted papers will be published as submitted in the proceedings.
- No-show papers will not be included in the symposium proceedings and will not be submitted to the IEEE Xplore database.
